## Welcome to the 2018 South Florida Bond Traders Association Conference!

Our goal is to provide attendees with the opportunity to network and discuss current issues facing our industry. We hope to deliver on that mission and make 2018 our most successful year yet!

The SFBTA is a non-profit organization that is also dedicated to supporting those in need in our local community. Each of you continues to help us accomplish that goal, whether through your Association membership or sponsorship, your participation in our charity work days, or your attendance at our events.

We are pleased to announce that a portion of the proceeds from this year's conference will be donated to the BATI School, an innovative non-profit that is dedicated to empowering the lives of our neighbors in Haiti. We are proud to support BATI School in its mission to build a platform for growth. BATI School was selected largely because of its unique approach to creating a sustainable model to provide the highest quality education in the most underserved communities. Through a farm-funded design, BATI School is able to offer both job creation and free, quality education (including a meal plan for all students). In an effort to revitalize the local economy, the team behind BATI School dedicates all funds to hiring the very best talent Haiti has to offer. If you would like to learn more, please visit [www.batischool.org](http://www.batischool.org).

### Your time is valuable to us

Each year we strive to present a valuable agenda, but this year we decided to make things even more exciting by changing up our session format completely: We have added new mortgage sessions on Thursday, and our Friday format will be a series of concise, informative Bond Talks.

Friday evening we'll have a cocktail hour followed by a group dinner where attendees will be seated according to their product areas.

Saturday begins early with our optional recreational activities of golf, fishing, tennis, and yoga. To close out the conference that afternoon, anyone who is still in town is invited to join us for a farewell luncheon.

### A team effort

I would like to thank our 2018 SFBTA Corporate Partners for committing to supporting our organization throughout the coming year: **Amherst Pierpont, Incapital, JVB Financial Group, Mesirow Financial, and Multi-Bank Securities**. This event could not happen without their generous support, along with the support of our conference sponsors. Be sure to visit our "Sponsor Street" area to learn more about these companies.

Thank you also to all of our Bond Talk participants who are generously giving their time to speak at the conference. We are able to present our attendees with discussion content year after year due to the preparation and insight of these industry leaders. I invite you to read more about each speaker in the pages that follow.

I'm also so grateful to our Association's Board of Directors and our Conference Event Coordinators, who volunteer their time to help plan the Bond Talks, dinners, and activities:

**About the Organization**

BATI School is a nonprofit organization focused on making long-term investments in education through the use of agriculture, bringing about sustainable solutions and long-lasting change for the future leaders of Haiti. The school is located in Miragoane, Haiti, 51miles / 81km southwest of the capital Port-au-Prince. Your donation will go towards building and maintaining the school's campus in order to provide an exceptional education to our students. The grand opening of the school was September 25, 2017 where we welcomed 65 students from the community from ages 3-7, boys and girls.

**Our Story**

As Haitian Americans we understand important role crop growing played in Haiti's rich history. The B.A.T.I School is looking to take advantage of these abundant natural resources by having a farm on the school's

campus that will not only provide food for the students, but will also teach them an aspect of self-sustainment through the use of agriculture.

The 5 acres allocated for the construction of the B.A.T.I School campus was purchased in the 1940's by our grandfather, Rozier Bossez, an illiterate farmer who grew up in Miragoane and later became one of the most prominent landowners in town. Despite not having finished school himself, Rozier understood the importance of education, raising 6 children and putting them all through school.

Haiti is a country set back by the lack of educational opportunity for most children; we believe building a school would be a way to improve the lives of the next generation. The school will give children a fighting chance in a demanding world and aims to provide each student with an education comparable to that of children in the United States. With your help this can all be realized.

**100% of donations go towards supplies, construction, or ongoing maintenance of the campus.**

## Our Initial Reaction to A Crisis

A 7.0 magnitude earthquake struck Haiti in January 2010, killing hundreds of thousands and injuring millions. A group of five young professionals, all with deep ancestral ties to Haiti, traveled to the country to try and assist in aid efforts. The level of disorganization in the capital, Port-au-Prince, forced us into the role of purchasing and delivering essential supplies to the small villages and tent centers in and around Port-au-Prince.

## Our Response: Create Our Own Organization

Our team of professionals decided to create our own organization. We wanted to help at least some of the Haitian people in a long-term, sustained fashion. Moreover, if successful, we wanted to be able to replicate our effort in other parts of Haiti.

Consequently, we founded the BATI School. BATI is the French/Creole for to build or construct by assembling and joining parts. It is also an acronym for "Building Ayiti to Inspire." The campus is on five acres of beautiful, arable land in Miragoâne, a coastal town two hours south of Port-au-Prince. Our grandfather, Rozier Bossez, purchased the land in the 1940's; his daughters donated the land to the BATI School.

The land will support both the school and a farm. The two will be tightly enmeshed. The farm will act as a nexus between educational opportunity and sustainable agriculture by providing a foundation for place-based learning, food for the students, and offering financial support through crop sales and employment for the families of students.

Ideas that help you stay ahead.

## "Fireside Chat and Q&A"

### Lane Kiffin – Head Football Coach, Florida Atlantic University

Lane Kiffin was named Florida Atlantic University's head football coach on Dec. 13, 2016.

Kiffin came to FAU with extensive college and professional coaching experience and will accelerate the development of the University's ambitions to transform college football in south Florida all while continuing the Owls' football team's classroom successes.

Kiffin joins the FAU Owls after three seasons at the University of Alabama, where he served as the Tide's offensive coordinator and quarterbacks coach. He was a finalist for the Frank Broyles Award in 2014, which goes to the country's best assistant coach.

His final season with the Tide, Kiffin mentored Jalen Hurt, the first freshman to start at quarterback in head coach Nick Saban's career. Hurt finished 13-1 as the starting QB and guided Alabama to a SEC Title and to the National Championship game. Hurt was a Freshman All-American, the SEC Offensive Player of the year and the SEC Freshman of the Year. He was a finalist for the Manning Award, the Earl Campbell Tyler Rose Award, a semifinalist for the Walter Camp Player of the Year and the Davey O'Brien Award, presented annually to the nation's top quarterback. Hurt completed 240 passes for a total of 2,780 yards compared to just nine INTS. He tossed 23 touchdowns and score another 13 with his feet and was a 1,161-yard rusher.

In 2015, Kiffin oversaw the development of quarterback Jake Coker, who finished his career 14-0 as a starter at Alabama and led the nation in completion percentage over the final 10 games of the season at 72.2 percent. Coker threw for 3,110 yards with 21 touchdowns, which ranks as the second-most passing yards in school history. On the ground, Kiffin fed Heisman Trophy running back Derrick Henry the ball a school-and SEC-record 395 times for a record 2,219 yards and 23 touchdowns. Henry's 2,219 yards was also the fifth-most rushing yards in a single season in college football history.

One of Kiffin's first responsibilities at Alabama was identifying a starting quarterback and then developing Blake Sims in 2014. With three-year starter and All-American AJ McCarron off to the NFL, Kiffin oversaw Sims' rise to the top of the Alabama depth chart en route to a school-record 3,487 passing yards and 3,837 yards of total offense while completing 64.5 percent of his passes. He ranked tied for fourth nationally in total QBR (83.7) and seventh in passing efficiency (157.9). Sims was selected second-team All-SEC, named to the Senior Bowl, tabbed as a finalist for the Manning Award and a semifinalist for the Davey O'Brien Award.

Kiffin's offense ranked 17th nationally in total offense per game (484.5) while scoring an average of 36.9 points per game. The passing game averaged a school-record 277.9 yards per game (3,890) to rank 28th nationally and fourth in the SEC. Amari Cooper won the Biletnikoff Award as the nation's best receiver, after catching a school- and SEC-record 124 passes for a UA-record 1,727 receiving yards and 16 touchdowns.

He spent the previous three-plus seasons as the head coach at Southern California, where he compiled a record of 28-15. Kiffin's 2012 USC squad went 7-6 overall and 5-4 in the Pac-12 South, good for second place. Wide receiver Marquise Lee was a unanimous first team All-American and won the Biletnikoff Award while also being named the Pac-12 Offensive Player of the Year. Quarterback Matt Barkley, who won the Wuerffel Trophy, set conference records for passing yards and passing touchdowns.

Kiffin led the Trojans to a 10-2 record in 2011 and a sixth-place finish in the final Associated Press poll. The team finished first in the Pac-12 South with a 7-2 mark. His 2011 USC offense produced a 3,500-yard passer, a pair of 1,000-yard receivers and a 1,000-yard rusher. Three Trojans earned First Team All-America honors (Matt Kalil, Robert Woods and T.J. McDonald) and five were named Freshman All-Americans. In his first year as the head coach at USC, Kiffin led the Trojans to an 8-5 record (5-4 Pac-10). Before his arrival, the Trojans were averaging 26.5 points per game in scoring offense and 389.1 yards per game in total offense. In his first two seasons, those numbers increased to 31.0 points per game and 431.5 yards in 2011 and 35.8 points and 456.8 yards in 2012.

## Lane Kiffin (cont.)

Prior to his tenure at Southern California, Kiffin served as the head coach at Tennessee in 2009. He led the Volunteers to a second-place finish in the SEC East and an appearance in the Chick-fil-A Bowl. The Volunteers' offense jumped at least 34 places in every national statistical category over the 2008 figures. Tennessee improved from 17.3 to 29.3 points per game while going from 268.8 to 383.5 yards per game in total offense.

Kiffin came to Tennessee from the Oakland Raiders, where he served as head coach from 2007-08. At 31, he was the youngest head coach in the NFL's modern era. Oakland's offense significantly improved in his first year, up 7.2 points per game and 48.6 yards per game from 2006.

Prior to his first head coaching job, Kiffin spent six years as an assistant coach for Pete Carroll at Southern California, including two years as the offensive coordinator (2005-06). During his first tenure with the Trojans, USC captured two national championships and compiled a 65-12 record. Kiffin was promoted to passing game coordinator in 2004 and helped Matt Leinart win the Heisman Trophy as he passed for 3,322 yards with 33 touchdowns and just six interceptions.

He took over as USC's offensive coordinator in 2005 and led the Trojans to a scoring average of 49.1 points per game and 579.8 yards per game of total offense during his two years as offensive coordinator. Kiffin started at USC in 2001 as the tight ends coach and then coached the wide receivers during his remaining five years.

Kiffin graduated from Fresno State in 1998 after playing quarterback for three seasons (1994-96) for the Bulldogs. He began his coaching career as a student assistant at Fresno State under Pat Hill in 1997 and 1998. He moved on to Colorado State in 1999 as offensive line assistant. He spent the 2000 season as defensive quality control assistant with the Jacksonville Jaguars under Tom Coughlin.

Kiffin attended Bloomington (Minn.) Jefferson High, where he played football, basketball and baseball. He has two daughters, Landry and Presley, and one son, Knox.
